

Wrapping Up Another Year...

2021 has definitely been one for the history books! Everyone has faced challenges and endured things we never could have anticipated. We must look forward to 2022 as being a year of new beginnings, one that will bring us abundant hope and peace.

With the shortages of products and parts affecting most if not all industries, cemeteries were not exempt from these challenges. Many of the products including granite and bronze had been coming to us from overseas. Our inability to get some of our regular stock means we have happily begun buying more Canadian made products!

We look forward to having a new columbarium installed, hopefully before year-end, made of beautiful Canadian granite. This unit will be installed in St. James Cemetery in Maxville. And staying with the local theme, we encourage our neighbours to ask for local cremation at Notre-Dame Cemetery when prearranging your funerals.

Our dedicated staff have worked tirelessly this year and will continue to do so into 2022.

For those who will be missing loved ones this Christmas, we hope you appreciate these sentiments...

Although it's sad to reminisce
On Christmases we knew
This year I shall celebrate
In memory of you
I will put aside my sorrow
With every unshed tear
And concentrate on all the love
We shared when you were here
Our time together taught me
What Christmas time is for
And that's what I'll remember
Until we meet once more

Merry Christmas and a blessed New Year from the staff & management at
Notre-Dame Cemetery.
